

REMARKS

A notice of allowance was mailed on this application on February 8, 2007, accompanied by an examiner's amendment. In the examiner's amendment, the title of the invention has been changed from "Duvet Cover" to "Duvet Cover Having Releasable Edge Fastenings and Internal Pocket and Flaps". This is unacceptable to the Applicant. In accordance with the invention as defined in allowed independent claim 4, the invention also extends to a duvet cover having releasable edge fastenings and internal pocket, but without flaps. Applicant submits that the amended title is misleading, because it is narrower in scope than the allowed main claim. Applicant therefore requests further amendment of the title of the invention so as to read:

"Duvet Cover Having Releasable Edge Fastenings and Internal Pocket"

Applicant respectfully requests entry of this amendment by the Primary Examiner and approval by the Director, without withdrawing the application from issue. The issue fee and publication fee are being paid herewith.
